TWINS BORN IN DRAYTON VALLEY HOSPITAL

Drayton Valley's booming population growth got a real assist on the evening of December 31st., the last day of the old year, and early New Year's when two separate sets of twins were born in Drayton Valley Hospital.

First to arrive were the girl and the boy of Mr. and Mrs. Charles van der Voorde, who are farming in the Bretton district. The girl arrived at 6:55 p.m. December 31st., and weighed 5 lbs. 2 ozs. The boy arrived at 10:40 p.m. and weighed 6 lbs. 2 ozs. The van der Voordes' have 5 other children ranging in ages from 1 1/2 to 9 years of age.

The second set of twins, both boys, were "1960" babies, arriving for Mr. and Mrs. Paul Beauchesne in Drayton Valley Hospital at 2:18 a.m. and 2:22 a.m. New Years morning. The first arrival weighed in at 5 lbs. 7 1/2 ozs. and the second at 5 lbs. 2 1/2 ozs. They were named Derrill and Dennis by their parents, who are residents of Drayton Valley. Mr. Beauchesne is employed with Mobil Oil. The Beauchesnes' have two other children, girls, aged 3 1/2 and 5. Mr. and Mrs. van der Voorde have named their twins Verna and Victor.

Both mothers expressed surprise at the arrival of the Twins, as they say that, as nearly as they know, twins have never run in either family. The arrival of the two sets of twins brings to five the number of twins born in Drayton Valley Hospital since it opened in August, 1958, which is a most unusual record for a hospital of that size. Previously born in the hospital were twins to Mr. and Mrs. A. T. Mudry, of Calmar, Twins to Mr. and Mrs. Kazack, of Round Valley and Twins to Mr. and Mrs. Suchan, of Drayton Valley. The first set of twins arrived on August 28th 1959.

Curt's Studio presented Mrs. van der Voorde and Mrs. Beauchesne with nicely framed pictures of mothers and children. For the first baby, (which in this case happened to be babies) born in the New Year the Pembina News Advertiser gave silver baby mugs with their names engraved.

District Personalities

Above are the "District Personalities" for the beginning of this new year. They are the twin sons, Derrill and Dennis, of Mr. and Mrs. Paul Beauchesne, seen with their mother, Mrs. Jean Beauchesne, in Drayton Valley Municipal Hospital. They were the first arrivals in the hospital for the New Year.

Last arrivals in the Drayton Valley Hospital at the close of 1959, the daughter Verna and son Victor, of Mrs. and Mr. van der Voorde seen above with Mrs. van der Voorde.

NEW ADDITION TO HOSPITAL

Announcement was made recently of a decision by the Hon. J. Donovan Ross, Minister of Health to approve a grant to Drayton Valley Municipal Hospital for a fifteen-bed addition to the hospital, which will almost double the capacity of the institution. The grant is for some $90,000.

It is expected that work will begin on the new addition in early spring. An indication of the necessity of the new addition is the fact that eight babies were born in the hospital in one week recently, the week of December 27 to January 2.

LANDSIEDEL - McDORMAN WEDDING

Photo by Curt's Studio

Mr. and Mrs. Garry McDorman

A beautiful wedding was solemnized in the Drayton Valley United Church on December 11th when Elaine Dorothy, eldest daughter of Henry and Dorothy Landsiedel of Lodgepole was united in marriage to Garry Frederick McDorman son of Mrs. Robert Rossman of Westlock.

The bride looked lovely in a floor length gown of net over satin, carrying a bouquet of red roses and rose buds, entered the church on her father's arm. She was attended by three bridesmaids, her sister Charolette in a shrimpe colored gown, the grooms sister Rosa, in a lime green gown and the brides cousin Margurette Assistant of Edmonton, dressed in a salmon colored gown. The brides maids carried bouquets of white rose and green fern. The brides' mother wore a charcoal suit with black asscessories and a corsage of white carnations. The grooms mother wore a dress of black and gold taffeta with white asscessories and a corsage of white carnations.

The groom was attended by three of his friends, Dave Baker, Lodgepole, Wally Walker and Mel Assistant of Edmonton. The ceremony was performed by Rev. Albion Wright.

On leaving the church, the wedding part went to the reception in the Cardaim Room where a lovely supper was served to fifty guests. Toast of the Bride was given by Herb Bricker of Wetaskiwin and was ably responded to by the groom.

The bride and groom will reside in Lodgepole where Mr. McDorman is employed.

Liberal Assoc.

The executive of Jasper-Edson Liberal Association met in Stony Plain on December 10th. There was a full attendance. After routine business was disposed of, plans were discussed for the annual meeting and nomination convention. It was decided to hold the annual meeting in Onoway on January 16th at 1:30 p.m. where plans for the future will be made. It is expected that Richard Hall, provincial president will attend as guest speaker.

Charles Seeley,
Mayor of Onoway.

Grants for Recreational Facilities

Grants based on a $10 per capita for all Alberta communities of 100 or more population, except Edmonton and Calgary, to assist in the acquisition of recreational facilities, will be made available this year as the second part of the Alberta Government's Give Year Program, it was announced today by the Hon. A.R. Patrick, Provincial Secretary. An amount of $3,653,000 is proposed to be spent on this portion of the program, originally announced by Premier E. C. Manning August 14, 1959.

Population figures used to compute size of grants will be the figures used by the Department of Municipal Affairs in 1959 for grant purposes.

The grant will be approved for any feasible plan of recreation facilities and can be applied to any project undertaken since January 1959. Any project that can be proceeded with during the five year plan period will be eligible for approval.

Consideration will be given to projects planned jointly by adjoining communities, the minister said.

Applications for the grants will be made by the council of the town, village or city concerned, to the Provincial Secretary. Hamlets of LID's must make representation through the Department of Municipal Affairs, while those in Municipalities and counties will be handled through the municipal or county council.

The Hon. Mr. Patrick pointed out that this plan does not affect in any way the existing government assistance of $7,000 towards erection of swimming pools in towns and villages.

1960 and a New Year! From all appearances Santa Claus was in a good mood when he went through Drayton Valley as he was just a hop, skip and a jump and most of us helped poor old 1959 on his way and cheered the arrival of 1960. Isn't it a good feeling to shed the heartaches, worries and bitterness of the old year and to get a fresh start with the new year? Many new and good resolutions were made only to be broken eventually but at least its a good start. I've learned to be cautious about making resolutions for a new year as it gets a bit noisy when they start to break. However, I always try to review the past year, its trials, crises and tribulations and in that way I hope that experience has taught me enough to make the new year a better one for myself and those around me. This year I made just one resolution and before I finish this article I will have broken that poor lone resolution into many pieces. I resolved to quit scolding and crusading in my weekly newspaper column. I was going good with this resolution, too, and I had a very cheerful subject planned for this weeks article but _____, a telephone call changed my mind. Here is what is chewing on me now!

Drayton Valley people, this year, went all out to have pretty outdoor Christmas decorations. It was a real thrill to drive about our town after dark and to see all the pretty lights and the different ideas that people had in regard to their outdoor arrangements. Just before Christmas a very ugly thing began to happen. Someone, or several someones, started stealing the lights from the outdoor decorations and to satisfy their ugly and miserable souls they also broke all the bulbs! It wasn't just a few bulbs or at a few places or in isolated spots. It happened all over town! Even our pretty big tree down town was stripped of its lights on the lower branches! It so happened that at our home the outdoor decoration were not disturbed but we did receive someone's generous offer of trash and empty beer bottles thrown into our front yard. I was hostile over all of this but decided to let it go by the boards until I received a telephone call right after New Year's Day and this is what I was told. Most of you, I am sure, saw the very pretty lighted crib and manger scene in front of the Herman Wollen home. It was outstanding enough to win first prize for the best and most attractive outdoor Christmas decoration. It had been made by the Wollen children with great love and enthusiasm and they had worked hard as well as used their own savings to buy the necessary figures. It was bitter news, indeed, to be told that culprits had deliberately stolen some of the larger animal figures, namely the Camel, Donkey and Sheep. How can anyone, with the slightest degree of conscience, steal from the very basic scene representing Christmas? I am not saying it is adults, teenagers or younger children as I do not know, but I feel that if it was a young child, too young to realize the significance, then the parents would surely recognize the figures and see that they were returned. Besides, this all happened long after dark when the smaller children are not usually free to roam. No, I feel that whoever did this was old enough to realize and know that it was wrong. It is not clever or funny and its far from being a cute prank. Christmas is not the time for pranks or vandalism but somewhere in our midst is a confused mixed-up group that have such warped and diseased thoughts that they cannot see beauty in anything nor can they stand to let anyone else enjoy beauty. Anyway its shameful and a disgrace and I'm glad to break my one resolution in order to say so. If the person or persons who stole the figures and who were so good at quietly removing them after dark would be just as good at returning them the same way I am sure the Wollen family would be very grateful and so would the rest of us who feel so badly about the loss. Not only that, whoever did it might get a better night's sleep, if they have the least bit of a conscience. I am sure we would all like to express our appreciation to the Wollens for having the pretty crib for us to see and we would also like to say that we are embarassed and humiliated to have to admit that such an ugly thing had to happen to it here in Drayton Valley.

For several weeks now we have been having rich food and in such lavish quantities that a plain ordinary recipe of some sort might be in order so here is the way I prepare our favorite pot roast of beef dinner. Use your own choice of beef cut but I find that a piece with some bone and fat add flavor. Use a heavy iron skillet or rosster and sprinkle salt generously on the bottom and get it real hot either over a burner or in the oven. When the pan and salt is hot, sear the roast to a deep brown on both sides and then turn to a low heat, 325° if in the oven. Salt and pepper both sides of the roast. Combine 1/4 cup of vinegar, 1/2 onion chopped fairly fine, 2 celery stalks chopped, 1 teaspoon Worcestershire sauce and 1 1/2 cup hot water. Pour this mixture over the meat then add enough hot water to have about one inch of liquid in the pan. Cover and cook at low heat for 2 1/2 to 3 hours or longer, depending on cut and size of roast. It may be necessary to add hot water from time to time. When meat is about done add peeled whole carrots and 20 minutes later add peeled whole parsnips and potatoes. Put the vegetables into the liquid and turn them over in it or baste them occasionally, also add additional salt and pepper to taste. When the vegetables and meat are done place them on serving dishes and add a flour and water thicking to the remaining liquid in the pan for gravy. You may not be a parsnip fan but give them a try this way and I think you'll like them it makes a very tasty vegetable out of a rather unpopular one.

There is an eternal difference between "meek and lowly" and "mean and low". (anon)

OIL WIVES' MEETING —

The Drayton Valley Oil Wives' held their December meeting on Monday the 14th in the Cavadium Room with one hundred and forty members and guests in attendance. A very fine turkey supper was served. During the meal a gift was presented to Mr. Juan in appreciation of the excellent service he has given this group.

After a short business meeting the program committee entertained with a few selections from the school amateur night. Pat Jenkins, a member of the club, performed and sang a trio of Christmas songs. At the conclusion of the program Santa Claus appeared with gifts for the entertainers and also distributed exchange gifts among the Oil Wives'.

The next regular meeting will be held on January 11th.

The Touch Of Intent

ROBERT NEIL
The Healer

AS THE LITTLE sailing ship drew in towards the land a crowd began to gather on the shore, the usual crowd of eager people with great needs---some sick, some with broken hearts, many lonely---the sort of crowd that made the heart of the Saviour melt when He saw them flocking about Him.

It's easy to lose one in a crowd, but that day there was one who made history. She was only a poor woman in her shabby shawl, but she had come to find Jesus because she knew first of all that if only she could get through the crowd that day and just so much touch His garment, she would be healed of her tying disease from which she had suffered for twelve years.

The crowd got bigger and bigger, and her way to the Saviour got more and more closed up. Actually, she had no business to be there for she should have kept away from contact with others. Then, as she approached her goal, her heart sank, for she saw a very important-looking person, in great stress of soul, and heard him asking Jesus to go with him and heal his daughter who was at the point of death. She also heard Him say, "She shall live," and in her great faith she echoed the words concerning herself: 'I shall be whole'. How did she know?

Wasn't she expecting rather a lot? After all, there were doctors in those days, and there were ten known treatments for her complaint. She had, however, tried everything and spent all her money, yet only grew worse.

But she said, "If I may touch but His clothes, I shall be whole", and she didn't only say it once, she kept on repeating it over and over again. It was her one great hope as she pressed through the crowd, inch by inch, decreasing the distance between herself and her Lord. Oh! If only I could only get within reach, if only! if only!---I shall be healed.

Where should she touch Him---on His head? No, that would be irreverent; on His hand? NO, that would be too intimate---just His garment! He need never know. At last she was near enough. It didn't matter what people thought or said; she had reached the Master, and for one great moment she clutched hold of His garment. She grasped it as a drowning man would take hold of a life-belt---in sheer desperation.

It all happened in a moment. Her body thrilled with the feeling of warmth. Every nerve in her relaxed and she felt relieved of pain for the first time in her twelve long years. Could it really be true? Was she dreaming? Something had flowed out from the Lord and had flowed into her---something of His strength, healing love, power. Many others touched Jesus but felt nothing. They brushed against Him in the throng and passed on without realizing anything; but she touched with intent, and the power of Christ flowed into her diseased body and immediately she was whole.

School Daze

This week the spotlight is turned on to a fine group of local "Kids" and their up and coming club--Teen Town. Organized, operated and controlled by the Teens, the Club only calls for adult support in the line of chaperones. So far, the Club has proven to be very popular among Drayton Valley's younger set and faces an excellent future. All Teens between the ages of thirteen and nineteen are more than welcome at the dances and affairs that they have in the Scout Hall periodically.

On December 5th a general meeting of the members of Teen Town was called for the election of officers. It proved to be that the last-year's executive was very popular and they were re-elected for another term. Wally Mohn is once again President with Terry "Stretch" McQuaig as Vice-president. Louise "Pinky" Serenas is resuming duties as Secretary-treasurer and amoog the three, the year should prove to be a successful one.

Swappin' school pictures is the latest pastime of the High School students and the popular saying of "I'll give you two of mine for one of yours." is heard all over the building. No exception is pretty Karen Sylvan in her efforts, trying to obtain a picture of a certain grade nine boy. I won't mention his name because I feel that Mr. Disney may be embarrassed. Some of the teachers are especially reluctant in giving away snaps of themselves. Our own Mrs. Moore, for example, feels that her picture isn't good enough just because she didn't smile. Her lack of a smile resulted when she lacked a tooth, resulting in a lack of a picture for us---if you get what I mean.

I am very sorry indeed to hear that the Reglin family is leaving us. Better prospects take them out of our beloved little community and the province of British Columbia may claim the family that we all admire and respect. I'd like to take this opportunity to express my sincerest thanks, on behalf of the High School, to Mrs. Reglin for having been so wonderful in devoting her time in helping our Curling Club. We, the future Curlers of Drayton Valley, wish you success.

Until the next edition then, when I'll scadalise someone else, adios.

DRAYTON VALLEY HIGH SCHOOL BUILDING

Sometime during the first week of February is the tentative date set for moving of the highschool staff and students to the first unit of the new high school building now undergoing finishing touches by Stony Plain School Division carpenters.

Ready for use about that time will be the first five rooms and the science room in the first unit of the highschool, which is shown below in a photograph taken from the architects blueprints. The first unit will also have a modern gymnasium, with a new feature; it will be constructed with stage on the side, flanked by dressing rooms and showers. Older-type gyms have stages on the end; the side-stage is a departure from old style construction. The gym will not be ready for a few weeks yet, however.

The new unit, of eight classrooms and library, will be constructed as soon as weather permits, and will be ready for use at the opening of the school term next fall. Originally, Stony Plain School Division plans had not called for construction of the second unit to begin for a couple of years after the first unit was completed, but Drayton Valley is growing and expanding so fast that School Division Board felt construction on the second unit should start as soon as possible to be ready for this fall.

If a Shop teacher and a Home Economics teacher can be obtained for next years' term a shop and home ec. room will be built, probably as a separate building, apart from the main structure.

The first unit will cost $158,000. The second section will cost about $134,000.00 for a total of $292,000.00.
